

# PENELOPE

design by Judith Castelló

## General description:

Low-back sofa that is both simple and elegant. The transparent Plexiglass frame allows it to blend in with any environment while still appearing both delicate and unique. It can be used for bench seating simply by unscrewing the back. The frame is made of 20mm-thick Plexiglass with polyurethane foam padding. The ample backrest padding makes it comfortable. Several upholstery options are available from our collection.

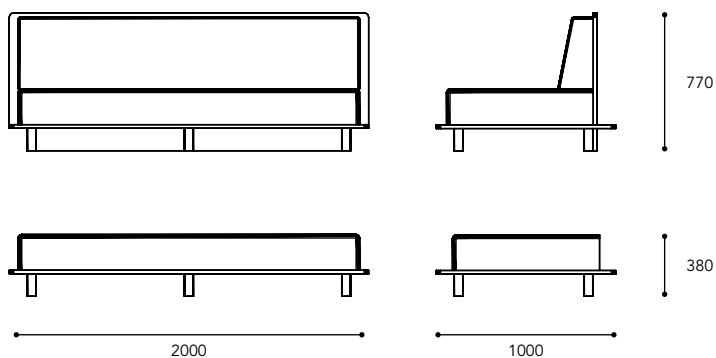

## Technical description:

Frame and legs in Plexiglass.

Polyurethane foam padding.

Removable and washable (cushion/seat) covers.

Sizes and upholstery can be customized.

100% MADE IN ITALY
